Term : Summer 1

WE ARE NG3

Message from your teachers

Welcome back. I hope you have all had a restful Easter and a wonderful holiday. The sunshine has welcomed us back and we are all looking forward to the summer term. Summer 1 brings lots of exciting learning opportunities, so keep up the hard work!

We will be learning this term...

We will be starting our new term with a very exciting trip to Sherwood Forest, this will be drive our learning!

We have already completed and been inspired by the forest and nature to create beautiful traditional prints in Art making links with contemporary artist Cathy Taylor. In computing will be using software to create rhythm and beats based on our favourite creatures. This will link perfectly with our science as we look at lifecycles of animals and plants.

As historians, we will travel back in time and explore the legends of Sherwood Forest. By the end of the term we will know how to answer questions and give our own opinion about Robin Hood based on information found during research.

We will be doing lots of reading and writing this term! The classic tales of Beatrix Potter will inspire our own adventure story!

Maths we will be learning how to telling the time and fraction as well practising arithmetic and reasoning ready for our SATS
