

Summer Term Safeguarding Newsletter

Dear Parents /Carers

Welcome to our summer term newsletter that focusing on Safeguarding. At Hogarth Academy, our first and foremost priority is to keep children safe and healthy.

Keeping Children Safe in Education 2020 is the government document that all schools have a legal duty to follow. It states that safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this, all our staff will make sure our approach is child centred. We ensure that our children learn about safeguarding, woven across the curriculum, in assemblies and displays within our school.

Here are a few examples of how we teach children about safeguarding at Hogarth Academy...

- Online safety lessons
- Healthy eating focus in DT and lunchtimes
- Buddy systems for new children to Hogarth , playtimes and lunchtimes
- School Behaviour System
- Jigsaw and RE curriculum
- Links with NSPCC for assemblies
- Themed approaches to learning about emergency services to help us
- Transition work from nursery to school to secondary school
- Anti-Bullying Week
- Assemblies on many safeguarding themes and British Values

Some useful websites for parents
